## EXPERIENCE

### TechoHacks
### pune. 2023

Dynamic and results-driven individual with a successful internship experience at TechnoHacks. During my internship, I immersed myself in diverse projects, gaining hands-on experience in [specific skills or technologies you worked on], and contributing to the innovative solutions crafted by the team. Thrived in a collaborative environment, adapting quickly to new challenges, and consistently delivering high-quality work. Eager to leverage the skills and insights gained during the internship to contribute effectively to future endeavors in the dynamic world of technology and innovation.

## PROJECT

### FACE RECOGNITION SYSTEM

Developed a Face Recognition System using Java, employing advanced algorithms for accurate facial identification and authentication. The system enhances security measures and offers real-time functionality for seamless integration into diverse applications.
